

SUIT AGAINST COUNCILMEN OF ROSCOE

Claimed That They do not Hold Meetings or Attend to Business.

Roscoe, that borough whose municipal and even school board troubles have been much before the public the past few months, has again come to the front. Yesterday afternoon mandamus proceedings were started against certain councilmen of that borough to compel them to meet and perform their lawful duties as councilmen.

The proceeding is brought in the name of the commonwealth, ex rel. C. L. V. Acherson, district attorney, upon the suggestion and complaint of John Werten, John A. Morrison and John Porter, and is against George Brown, Alf Thomas, Criss Gallee, M. Collins, Samuel Wick and Nelson McManis. The suggestors are qualified taxpayers of Roscoe, and the defendants are duly qualified residents of the borough.

That the defendants regularly hold regular monthly meetings and called meetings, and that they have failed to attend to their duties regarding to keep the borough in repair; that by neglecting to do so, the annual tax is not paid, and the bills remain unpaid; that the council has no financial statement, and that the streets and sidewalks are in a state of disrepair and being a nuisance to the general disorder. By neglecting to do so, it is averred, that the taxpayers have suffered great inconvenience and annoyance.

Upon the petition filed the court granted a rule upon the defendants to show cause why an alternative writ of mandamus should not be issued. The suit is the outcome of differences existing in municipal affairs in that borough for some time.

MOOSE DAY AT ELDORA

Small Crowd but all Have Fine Time at First Outing.

Charleroi Lodge No. 103, Loyal Order of the Moose, yesterday held its first outing at Eldora, Park. While the crowd was not large, all present enjoyed themselves to the utmost.

During the afternoon races and athletic events occupied the attention of those present. Prizes were awarded the winners of the various races.

The park amusements were wide open during the greater part of the day and many spent the time in dancing. Supper was served in picnic style. The majority of the crowd came home at about nine o'clock in the evening although many remained for the evening dance.

Not only the Charleroi members of the Moose order, but some from California and other valley towns attended. The local lodge expects to attend the Moose picnic of the Pittsburg lodge at Jackson Park next Monday, and will take a fast ball team along to play the Pittsburgers.

DID THIS PARROT HAVE THE MEASLES?

W. E. Moss, of 424 Washington avenue lost a valuable parrot this week, which he asserts died of the measles. Mr. Moss' little son had a bad case of the disease, and shortly after the boy was taken sick the parrot also became afflicted, and died when the lad was in the worst stages.

Inquiry developed that it is a general belief that parrots are particularly susceptible to the diseases of children. Mr. Moss says he knows of one other case at least where a parrot died when the children in the house had measles, and he says he had been warned, but did not think it probable that the bird would contract the disease.

RAILROAD NOT GOOD GRAZING GROUND

The southbound train leaving Charleroi at 5:07 o'clock last evening killed a cow near the pump station, belonging to a foreign family living on First street. The boy who had in some way wandered on the tracks and paid no attention to the frantic whistles tooted by the engineer, but stood directly in the path of the oncoming train. The cow was not noticed in time to stop the train and she was struck and almost instantly killed.

Went Past Toll Keeper.

Another young man was last night fined for passing the toll-keeper on the Charleroi-Monessen bridge, without paying at a hearing before Justice of the Peace Scott of North Charleroi. The young fellow was with the two others who were found guilty and fined on a similar charge the previous evening at a hearing.

Made Road Survey.

Chanev and Armstrong, county engineers, have made a survey of the Monongahela and Donora roads, and are preparing plans and specifications for the bridging of the highway, as approved by the May term of grand jury.

CALIFORNIA HOMES ARE BURGLARIZED

Gold Watch Taken From One Place—Thugs Tackle Football Player.

Following the quieting of the excitement from the fire at California comes the report of attempted robberies at that place on the same night, during the time that people were at the fire it is supposed.

An attempt was made to hold up Warren (Pug) Marshall, the captain of the last year's football team. Marshall is minus an arm, and evidently two thugs had selected him as an easy victim. They attacked "Pug" in a dark place and knocked him down with a club. He arose to his feet, and defended himself vigorously. He kicked one of his assailants in the stomach with both feet, and knocked him nearly out, after which he went after the other man and with a blow or so, chased him from the neighborhood. At the home of Mansfield Cupps, burglars entered and secured for their efforts a valuable gold watch. Other places entered where the burglars did not get anything, however, were the homes of Rev. Harvey and J. R. Schafer.

LUTHERANS BEAT THE EPISCOPALS

In the second game in the church league last evening at the baseball park the Lutherans won from the Episcopalians by the score of 7 to 3. The first five innings was a pitchers' battle. Each team had up until this time secured two scores each. In the fifth the Episcopalians got one on an error, two passed balls and an out. The Lutherans in the sixth began to find Roberts, and when they quit hitting the ball they had landed seven runs. Three errors in this inning behind Roberts helped things along. Tonight on the baseball grounds the Christians and First Presbyterians will play, and a good contest is looked for. The score:

DOGS, NOT MUZZLES, IN MAJORITY

Lots of Canines to be Seen on Streets Without "Faces Encased."

Either the dog catchers are neglecting their duty or those who are paid to look after the enforcement of the ordinances in Charleroi are not up to snuff, as regards the dog question, which has been the subject for so much discussion in Charleroi during the past few weeks. The catching of dogs is no longer a fad, and the dogs that are running the streets without any sign whatever of muzzles are numerous.

For a time after the passage of the ordinance compelling the muzzling of dogs went into force, the compunction with which persons observed its demands was remarkable but with the alleged laxity of the officials, comes the carelessness of the owners of canines, who permit their dogs to run at large upon the streets without muzzles. Such has caused remark among the people who can see no reason for the enforcing of the ordinance at one time and not at another.

GUN CLUB HOLDS WEEKLY SHOOT

At the regular weekly shoot of the Charleroi Gun Club on their grounds yesterday afternoon the following scores were made:

W. H. Schuyler, Monessen, 68 out of 75.
P. Shumaker, Monessen, 38 out of 75.
H. C. Hepler Charleroi, 56 out of 75.
W. C. Gween Charleroi, 6 out of 75.
Joa Irose, Charleroi, 9 out of 50.
T. P. Grant, Charleroi, 64 out of 75.
One who signs himself Baldy says: "Gween and Hepler are still going somewhat their New Remington. Tommy also took a brace this week but if Tommy could just get a gun that he could pull off when it is set safe he would get them all. Shumaker and Irose shot well for beginners and from the way they handled themselves that Pittsburg bunch will have to go some on their next trip to Charleroi. 'Pop', formerly of Charleroi, now of Monessen, leads the bunch again, and if some of our boys don't soon beat him I will have to do it myself."

Notice.

Council No. 1240 Royal Arcanum, will celebrate its anniversary Monday night June 28, at its regular meeting, although the anniversary proper is June 23. A social session will be held after the regular meeting, at which prominent visitors and speakers will take part. All members are urgently requested to be present. By order of committee. 26913

MERCHANTS CHALLENGED

Street Railway Team Wants to Meet Them on Baseball Field.

The Merchants of Charleroi are in danger—or perhaps it would be nearer right to say that any person who thinks they can play ball is in peril—not in the usual sense of their lives, but in peril of being shown up. For this day hath the baseball team of the West Side Street Railway employees sounded a challenge to a nine picked preferably from the Merchants Association, or to any other team in Charleroi, Monongahela, Monessen, Belle Vernon, Speers or North Charleroi. In other words, while they do not want to be choice about whom they play they would rather tackle the merchants' team—if they can raise one than any other bunch. The manager is Stephen Buchanan, and he is ready to meet all comers.

What the merchants will do about the challenge is not known yet, but they will probably try to defend their honor by raising a nine and beating the fellows that dare imply they cannot play ball, until they cry for mercy. At any rate the probabilities are that Charleroi will see some baseball within the next few days that will beat all hollow all that was put up while the league team was here.

COLLEGE MEN HERE TODAY

Edward McCleary, the 1909 captain of State College football team has returned home from college, and has as his guests Lefty McIlveen, the former pitcher and left fender of the baseball team, and this year for a time with the New York Americans, and Larrie Voorhis, the elected captain of this year's football team. The trio will leave in a few days for Clifton, Arizona, where they will work in a copper mine. Messrs. McCleary and Voorhis are taking mining courses at State college while McIlveen has finished in that line. "Lefty" spent nearly all last winter here, being employed at the Charleroi Coal mine.

WOMAN PUTS HEAD THROUGH WINDOW

A Hungarian woman of California while trying to bid her husband goodbye from a train here last evening was injured somewhat. The couple were coming home from down the river on the 5:18 train and the husband got off here. The woman tried to stick her head out of the window to bid him adieu, only to encounter the glass. She proceeded to stick her head clear through this. She was cut about the face, and head, and was taken to Dr. J. K. Smith's office, where the injuries were dressed. The woman was sent home on the 6 o'clock train.

ERASMUS WILSON LECTURES

Good Crowd Hear "Quiet Observer" at First Presbyterian Church.

In addition to an audience of representative men of Charleroi, Capt. Dale Jolliffe led his Boys Brigade to the First Presbyterian church last night, where Erasmus Wilson, the "Quiet Observer" of the Pittsburg Gazette Times delivered his lecture, "The Eternal Fitness of Things." In spite of the intense heat, which caused many of the audience to shed their coats, all listened with absorbing interest to the address.

Mr. Wilson is an exception to most newspaper men, who usually write better than they talk. He can do both with equal facility. His lecture was in reality a sermon; and in simple, straight-forward language that appealed most forcibly to his hearers, he clothed in new garments the gospel of human and divine love, and gave it an application that is far reaching.

Disclaiming the old doctrine that man is ever degenerate, Mr. Wilson said he was coming more and more to the conclusion that Pope's assertion, "Whatever is right," embodies the destiny of the universe. By a process of reasoning, which was as simple as it was subtle, he reconciled to God's providences many of the seeming inconsistencies that perplex the human mind. The assassination of Lincoln, Garfield, and McKinley, were notable examples; and he showed that these mournful episodes had a place in the internal fitness of things. "Religion," he said, "is everything else must be progressive." Mr. Wilson declared, and he had no sympathy with the old theological theories, which he said put God in an unreasonable light with the human understanding. The true test of righteousness, he said, is the question, "Is it right?" which can always be decided instantly. "Children should never be taught that a thing is bad or wrong; it is not right, and if they are taught to obey the dictates of conscience by applying this test, they will never fail. Whoever is right with his fellowmen is right with God."

At the conclusion of the lecture coffee and sandwiches were served. The lunch was prepared by the ladies and served by the young men of the Bible class who gave the lecture. The male quartet of the Washington avenue Presbyterian church rendered two selections, which were also highly appreciated. This quartet is composed of Dr. J. W. Manon, J. F. Bowman, L. E. Jones and Thos. Kendrick.

The ladies employed in the different departments of Berryman's store held an outing at Eldora Park last evening, leaving on the 6:15 car. Baskets filled with picnic dainties were taken and tables spread for 17. Dancing was enjoyed after supper.

The True Test.

In his lecture at the First Presbyterian church last night Erasmus Wilson the "Quiet Observer" of the Pittsburgh Gazette Times, presented a rule of action for righteous living which should be emblazoned in every text book in the land, as well as instilled in the minds of children by parents from their earliest understanding. This is the application of the only test that determines character, which is embodied in the three words, "is it right?" Applied in this sense, the answer and the decision are instantaneous. Every thought condition or action is either right or is not right. Applied negatively, the test loses force; that is, by asking, is it wrong to do so and so? leads to temporizing and doubt. But applied directly, is it right? the proposition admits of no doubt whatever. Therefore Mr. Wil-

son's admonition is that children should not be taught that things are bad or wrong; they should be made to comprehend that such things are not right. With this simple test firmly grounded in the minds of the youth the path of rectitude will be more often pursued than abandoned.

Monongahela people believe in the command "Let there be light," but insist upon telling the city councilmen what kind of light they must have.

A challenge has been made to a ball team picked from the merchants their clerks or any old class of alleged bunch of players by the West Side street railways nine. Goodness! are we to let such an opportunity as that pass unnoticed.

SHE THINKS IT A MIRACLE

People are Going Many Miles to See.

So much talk is created by the Root Juice scientist and his new discovery that scores of people are going many miles to Ft. Wayne, Ind., from every direction to see and learn all they can about the new remedy that seems to in a short while cure the very worst forms of rheumatism, stomach and kidney troubles and nervous weakness. Mrs. E. G. Moore said:

"I had just seven doctors treating me at different times for chronic stomach troubles and female weakness. I was reduced to skin and bones and was so weak I couldn't feed myself when I commenced to take the wonderful juice. After taking it a few days was recovering flesh and strength with such rapidity, felt a miracle was being performed. A few bottles of the remedy completely cured me. After all of the doctors failed to do any good; but I am not only one as many of my neighbors have been cured by the great medicine. It is truly a wonderful medicine. It seems to heal and invigorate every organ of the body."

SUIT AGAINST COUNCILMEN OF ROSCOE

Claimed That They do not Hold Meetings or Attend to Business.

Roscoe, that borough whose councilmen and even school board troubles have been much before the public the past few months, has again come to the front. Yesterday afternoon mandamus proceedings were started against certain councilmen of that borough to compel them to meet and perform their lawful duties as councilmen.

The proceeding is brought in the name of the commonwealth, ex rel. C. L. V. Acheson, district attorney, upon the suggestion and complaint of John Worton, John A. Morrison and John Porter and is against George Brown, Alf Thomas, Criss Gallee, M. Collins, Samuel Wick and Nelson Mcenna. The suggestors are qualified jurors and taxpayers of Roscoe, and the defendants are duly qualified councilmen of the borough.

That the defendants regularly monthly called meetings and failed to attend the same, and that by neglecting to do so they have caused the annual tax to not be levied, and that bills remain unpaid, and that the council has no financial statement, and that by neglecting to do so they have caused the streets and sidewalks to be in a state of disrepair and being a general disorder. By neglecting to do so, it is averred, that the borough and taxpayers have suffered great inconvenience and annoyance.

Upon the petition filed the court granted a rule upon the defendants to show cause why an alternative writ of mandamus should not be issued. The suit is the outcome of differences existing in municipal affairs in that borough for some time.

MOOSE DAY AT ELDORA

Small Crowd but all Have Fine Time at First Outing.

Charleroi Lodge No. 103, Loyal Order of the Moose, yesterday held its first outing at Eldora Park. While the crowd was not large, all present enjoyed themselves to the utmost.

During the afternoon races and athletic events occupied the attention of those present. Prizes were awarded the winners of the various races.

The park amusements were wide open during the greater part of the day and many spent the time in dancing. Supper was served in picnic style. The majority of the crowd came home at about nine o'clock in the evening although many remained for the evening dance.

Not only the Charleroi members of the Moose order, but some from California and other valley towns attended. The local lodge expects to attend the Moose picnic of the Pittsburg lodge at Jackson Park next Monday, and will take a fast ball team along to play the Pittsburgers.

DID THIS PARROT HAVE THE MEASLES?

W. E. Moss, of 424 Washington avenue lost a valuable parrot this week, which he asserts died of the measles. Mr. Moss' little son had a bad case of the disease, and shortly after the boy was taken sick the parrot also became afflicted, and died when the lad was in the worst stages.

Inquiry developed that it is a general belief that parrots are particularly susceptible to the diseases of children. Mr. Moss says he knows of one other case at least where a parrot died when the children in the house had measles, and he says he had been warned, but did not think it probable that the bird would contract the disease.

RAILROAD NOT GOOD GRAZING GROUND

The southbound train leaving Charleroi at 6:07 o'clock last evening killed a cow near the pump station, belonging to a foreign family living on First street. The bovine had in some way wandered on the tracks and paid no attention to the frantic whistles tooted by the engineer, but stood directly in the path of the oncoming train. The cow was not noticed in time to stop the train and she was struck and almost instantly killed.

Went Past Toll Keeper.

Another young man was last night fined for passing the toll-keeper on the Charleroi-Monessen bridge, without paying at a hearing before Justice of the Peace Scott of North Charleroi. The young fellow was with the two others who were found guilty and fined on a similar charge the previous evening at a hearing.

Made Road Survey.

Chaney and Armstrong, county engineers, have made a survey of the Monongahela and Donora road, and are preparing plans and specifications for the bricking of the highway, as approved by the May term of grand jury.

CALIFORNIA HOMES ARE BURGLARIZED

Gold Watch Taken From One Place—Thugs Tackle Football Player.

Citement from the fire at California comes the report of attempted robberies at that place on the same night, during the time that people were at the fire it is supposed.

An attempt was made to hold up Warren (Pug) Marshall, the captain of the last year's football team. Marshall is minus an arm, and evidently two thugs had selected him as an easy victim. They attacked "Pug" in a dark place and knocked him down with a club. He arose to his feet, and defended himself vigorously. He kicked one of his assailants in the stomach with both feet, and knocked him nearly out, after which he went after the other man and with a blow or so, chased him from the neighborhood.

At the home of Mansfield Cupps, burglars entered and secured for their efforts a valuable gold watch. Other places entered where the burglars did not get anything, however, were the homes of Rev. Harvey and J. R. Schafer.

LUTHERANS BEAT THE EPISCOPALS

In the second game in the church league last evening at the baseball park the Lutherans won from the Episcopalists by the score of 7 to 3. The first five innings was a pitchers' battle. Each team had up until this time secured two scores each. In the fifth the Episcopalists got one on an error, two passed balls and an out. The Lutherans in the sixth began to find Roberts, and when they quit hitting the ball they had landed seven runs. Three errors in this inning behind Roberts helped things along.

Tonight on the baseball grounds the Christians and First Presbyterians will play, and a good contest is looked for. The score:

DOGS, NOT MUZZLES, IN MAJORITY

Lots of Canines to be Seen on Streets Without "Faces Encased."

Under the dog canines are being their duty or those who are paid to look after the enforcement of the ordinances in Charleroi are not up to snuff, as regards the dog question, which has been the subject for so much discussion in Charleroi during the past few weeks. The catching of dogs is no longer a fad, and the dogs that are running the streets without any sign whatever of muzzles are numerous.

For a time after the passage of the ordinance compelling the muzzling of dogs went into force, the compunction with which persons observed its demands was remarkable but with the alleged laxity of the officials, comes the carelessness of the owners of canines, who permit their dogs to run at large upon the streets without muzzles. Such has caused remark among the people who can see no reason for the enforcing of the ordinance at one time and not at another.

GUN CLUB HOLDS WEEKLY SHOOT

At the regular weekly shoot of the Charleroi Gun Club on their grounds yesterday afternoon the following scores were made:

W. H. Schuyler, Monessen, 68 out of 75.
P. Shumaker, Monessen, 38 out of 75.

H. C. Hepler Charleroi, 56 out of 75.
W. C. Green Charleroi, 6 out of 75.
Joe Irose, Charleroi, 9 out of 50.
T. P. Grant, Charleroi, 64 out of 75.

One who signs himself Bally says: "Green and Hepler are still going somewhat their New Remington. Tommy also took a brace this week but if Tommy could just get a gun that he could pull off when it is set safe he would get them all. Shumaker and Irose shot well for beginners and from the way they handled themselves that Pittsburg bunch will have to go some on their next trip to Charleroi. 'Pop', formerly of Charleroi, now of Monessen, leads the bunch again, and if some of our boys don't soon beat him I will have to do it myself."

Notice.

Council No. 1240 Royal Arcanum, will celebrate its anniversary Monday night June 28, at its regular meeting, although the anniversary proper is June 23. MERCHANTS CHALLENGED

Street Railway Team Wants to Meet Them on Baseball Field.

The Merchants of Charleroi are in danger—or perhaps it would be nearer right to say that any person who thinks they can play ball is in danger—not in the usual sense of their lives, but in peril of being shown up. For this day hath the baseball team of the West Side Street Railway employees sounded a challenge to a nine picked preferably from the Merchants Association, or to any other team in Charleroi, Monongahela, Monessen, Belle Vernon, Speers or North Charleroi. In other words, while they do not want to be choice about whom they play they would rather tackle the merchants' team—if they can raise one than any other bunch. The manager is Stephen Buchanan, and he is ready to meet all comers.

What the merchants will do about the challenge is not known yet, but they will probably try to defend their honor by raising a nine and beating the fellows that dare imply they cannot play ball, until they cry for mercy. At any rate the probabilities are that Charleroi will see some baseball within the next few days that will beat all hollow all that was put up while the league team was here.

COLLEGE MEN HERE TODAY

Edward McCleary, the 1909 captain of State College football team has returned home from college, and has as his guests Lefty McIlveen, the former pitcher and left flier of the baseball team, and this year for a time with the New York Americans, and Larrie Voorhis, the elected captain of this year's football team. The trio will leave in a few days for Clifton, Arizona, where they will work in a copper mine. Messrs. McCleary and Voorhis are taking mining courses at State college while McIlveen has finished in that line. "Lefty" spent nearly all last winter here, being employed at the Charleroi Coal mine.

WOMAN PUTS HEAD THROUGH WINDOW

A Hungarian woman of California while trying to bid her husband goodbye from a train here last evening injured somewhat. The couple were coming home from down the river on the 5:18 train and the husband got off here. The woman tried to stick her head out of the window to bid him adieu, only to encounter the glass. She proceeded to stick her head clear through this. She was cut about the face, and head, and was taken to Dr. J. K. Smith's office, where the injuries were dressed. The woman was sent home on the 6 o'clock train.

ERASMUS WILSON LECTURES

Good Crowd Hear "Quiet Observer" at First Presbyterian Church.

In addition to an audience of representative men of Charleroi, Capt. Dale Joffile led his Boys Brigade to the First Presbyterian church last night, where Erasmus Wilson, the "Quiet Observer" of the Pittsburg Gazette Times delivered his lecture, "The Eternal Fitness of Things."

In spite of the intense heat, which caused many of the audience to shed their coats, all listened with absorbing interest to the address. Mr. Wilson is an exception to most newspaper men, who usually write better than they talk. He can do both with equal facility. His lecture was in reality a sermon, and in simple, straight-forward language that appealed most forcibly to his hearers, he clothed in new garments the gospel of human and divine love, and gave it an application that is far reaching.

Disclaiming the old doctrine that man is ever degenerate, Mr. Wilson said he was coming more and more to the conclusion that Popa's assertion, "Whatever is is right," embodies the destiny of the universe. By a process of reasoning, which was as simple as it was subtle, he reconciled to God's providences, many of the seeming inconsistencies that perplex the human mind. The assassination of Lincoln, Garfield and McKinley, were notable examples, and he showed that these mournful episodes had a place in the internal fitness of things. "Religion," he said, "is not a mere belief, it is a progressive, it must be progressive," Mr. Wilson declared, and he had no sympathy with the old theological theories, which he said put God in an unreasonable light with the human understanding. The true test of righteousness, he said, is the question, "Is it right?" which can always be decided instantly. "Children should never be taught that a thing is bad or wrong; it is not right, and if they are taught to obey the dictates of conscience by applying this test, they will never fail. Whoever is right with his fellowmen is right with God."

At the conclusion of the lecture coffee and sandwiches were served. The lunch was prepared by the ladies and served by the young men of the Bible class who gave the lecture. The male quartet of the Washington avenue Presbyterian church rendered two selections, which were also highly appreciated. This quartet is composed of Dr. J. W. Manon, J. K. Bowman, L. E. Jobs and Thos. Kendrick.

The True Test.

In his lecture at the First Presbyterian church last night Erasmus Wilson the "Quiet Observer" of the Pittsburgh Gazette Times, presented a rule of action for righteous living which should be emblazoned in every text book in the land, as well as instilled in the minds of children by parents from their earliest understanding. This is the application of the only test that determines character, which is

right?" Applied in this sense, the answer and the decision are instantaneous. Every thought condition or action is either right or is not right. Applied negatively, the test loses force; that is, by asking, is it wrong to do so and so? leads to temporizing and doubt. But applied directly, is it right? the proposition admits of no doubt whatever. Therefore Mr. Wil-

son's admonition, is that children should not be taught that things are bad or wrong; they should be made to comprehend that such things are not right. With this simple test firmly grounded in the minds of the youth the path of rectitude will be more often pursued than abandoned.

Monongahela people believe in the command "Let there be light," but insist upon telling the city councilmen what kind of light they must have.

SHE THINKS IT A MIRACLE

People are Going Many Miles to See.

So much talk is created by the Root Juice scientist and his new discovery that scores of people are going many miles to Ft. Wayne, Ind., from every direction to see and learn all they can about the new remedy that seems to in a short while cure the very worst forms of rheumatism, stomach and kidney troubles and nervous weakness. Mrs. E. G. Moore said:

"I had just seven doctors treating me at different times for chronic stomach troubles and female weakness. I was reduced to skin and bones and was so weak I couldn't feed myself when I commenced to take the wonderful juice. After taking it a few days was recovering flesh and strength with such rapidity, felt a miracle was being performed. A few bottles of the remedy completely cured me after all of the doctors failed to do any good; but I am not have been cured by the great medicine. It is truly a wonderful medicine. It seems to heal and invigorate every organ of the body."
